

Company Limited by Guarantee  
Registered in England

PLUNKETT FOUNDATION  
("the Company")

RESOLUTIONS

It is proposed that the following resolutions be passed as a resolution by the Members of the Company:-

1. TO:
  - a. Increase all membership fees by 12.5%, following the comprehensive review of membership fees that was conducted earlier this year.
  - b. For community businesses and individual supporters, membership fees have not changed since 2019, when the fee structure was simplified. Community business membership fees have remained at the same level since 2011. The Members voted in 2023 to increase supporter organisation membership fees to bring them in line with community business membership fees.
  - c. The new membership fees will be:
    - i. Community business membership: £225+VAT
    - ii. Supporter organisation membership: £225+VAT
    - iii. Individual supporter membership: £18.75+VAT

and that therefore it be **resolved** that:

- d. With effect from 1 October 2024, membership fees across all levels of membership be increased by 12.5%
- e. And that Plunkett review membership fees on an annual basis, taking into account the operating environment, and agree no change or bring a resolution to Members to increase fees in line with inflation if deemed appropriate.
